

Ritual to Purify and Energize Enviroments

Ingredients:

- A brand new white or transparent dish, made of glass or plastic to be used only in rituals;
- 1 Spirituality Energizing Salt Cristovão Brilho;
- 1 Clearing Negative Energies Energizing Salt Cristovão Brilho
- 1 Amethyst or Citrine Crystals (moderates the discord in a group)
- 1 Smokey Quartz Crystal (anthidote against stress and increases the hability to find solutions);
- 1 Turmaline Quartz Crystal (fights nocive enviroment influences)
- A White sheet of paper to write the enviroment address, in case of impossibility to leave the ritual in the enviroment that you want to energize.

Procedure:

Put the paper already written on the paper, in case of possibility to leave the ritual in the enviroment that you want to energize, there is no need to put the paper with the address on it;

Over the paper or over the empty dish, put the 3 crystals in a triangle shape;

Add all the Energizing salt;

Over the salt, add all the Energizing Oil;

Leave this ritual in a calm place, anyone can not touch it for 21 days;

After 21 days, offer the Ritual (except the dish) to spirituality, returning it to nature (woods, river, garden, sea or plants).

in case of possibility to leave the ritual in the enviroment that you want to energize, take them off the ritual and place them into the enviroment, where your intuition indicates (entrance door, bathroom, dining room, work desk, among others). Just keep all the 3 crystals together in the same place.

This ritual can be done for just one enviroment.
